Hi Gary,

I doubled checked my reading from Nov. 13, 13. The first one that was at 11:45, I didn't get to finish. The second one that started at 11:50 is the correct one, I used the first one as a draft, I usually re-write because my hand writing gets messy occasionally. All the info was already on the 11:45 sheet, but of course not the until I done the 11:50 observation. Sorry for the confusion.

Connie
